Use pencil make a sign on the wall via the hole of this bar one by one. So that you can find the right position.

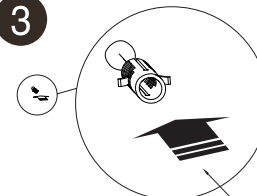

Use a level to measure perpendicularity. Ensure that the wooden bar is perpendicular to the ground.

**2**

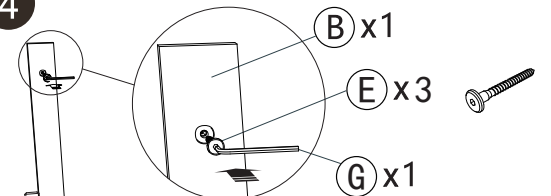

Use drilling tool drilling the hole in the center of the marked position.  
Hole size: Ø8 \* 55mm depth

**3**

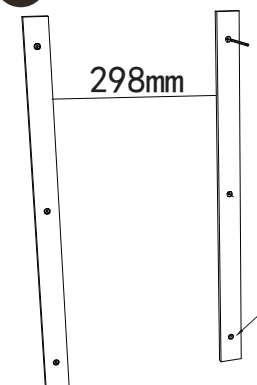

Hammer the plastic expansion tube into the hole.

**4**

Use a level to measure perpendicularity. Ensure that the wooden bar is perpendicular to the ground.
